OCTOBER 2019

## PRESIDENT'S MESSAGE BY Ron Haskell

Hi All,

As you read this, we are in the middle of the display for 48DAA at the Fairplex in Pomona. We have a good turnout of members, engines, and hands on displays. There are lots of school kids being rushed by to get to other things with a few actually taking an interest in our things. As usual the pedal water pump has a line of kids waiting to try their muscles. And Kelley's water pump gets lots of use also. A big thanks to those who helped out and made our display look good.

Coming up is one of our bigger events of the year, the Pumpkin Festival at Cal Poly. First there is the two-day show; then the rest of the month there are hay rides. These events will really test the resources of the club. We need to provide drivers for the many rounds of the corn field. Anyone who can give us some time to drive, please give Bob Smith a call and come out and learn to drive a tractor. It is actually fun!

Don't forget the show at Calico Ghost Town. This should prove to be a lot of fun, too.

We are getting an update on info for the show at Flabob on Veterans Day. This has always been a well-attended show by WAPA and a very appreciative crowd.

I hope to see many of you at an upcoming events. Until then, be safe.

Ron

### LA County Fair Feld Trips

We just finished the field trip show sponsored by the 48<sup>th</sup> DAA at the LA County Fairgrounds. Thanks to team members Paul Montgomery, Jim Treadwell, Mitchell Reichwein, Ron Haskell, Meryl Morse, Danny Ponce, Lance Wilson, Clay Wilson, Leroy Overstreet, and Bob Smith, we pumped some water, sharpened some saw blades, shelled and ground some corn and made a lot of smoke and noise. The kids had a blast with the exercise bike with water pump and the dual action hand pump. Security was a little more tight this year. You had to exit your vehicle and have the metal detector wand run over you. Other than that no problem entering and parking was close to our display area. Thanks again to all who participated.

## South Pasadena Car Show Report

Ken Evans Reporting

On Sunday, September 15, 2019, WAPA again presented a display for the South Pasadena Rose Parade Float Association Car Show. As requested, all WAPA members arrived early and we had our vehicles off the show street by 7:30 am. We had eight members making the early morning trek. That is double of what we had last year. So, Jim Treadwell brought a 1920 5 hp Economy and a Novo Roller bearing engine which he used to power up an automatic saw sharpening machine. Next we had Danny Ponce with his Bracket, Shaw and Lund Co., 1 ½ hp Model K. Mitchell Reichwein displayed his IHC 1 ½ hp Model N. And then Bob Smith showed his pink cancer tribute Fuller Johnson 1914 1 ½ hp engine with a modified intake that kept the engine running all day. Well almost all day. There was a little down time to reconnect the ignition wire to the ignitor. Vibration can cause problems. Merle Morse displayed two engines. First was an Associated Hired Man 2 hp and then his John Smyth 1 ½ hp. Ron Haskell ran his Economy 7 hp from 1917. And ending the line up were Ken and Larry Evans with a 1 ¾ hp United belted to a Duro water pump with the magic bucket that never fills. However, it did run low due to splashing. Adding more fluid brought the illusion back to life. We had a little surprise from the promoters. The car show has awards for best car, or most likely to get stopped by the Police, etc. We were presented with a trophy in the shape of a fancy hubcap with a medallion in the center recognizing our Hit and Miss engines. Thank you all for supporting this show for the last 15 years. It was warm, but high clouds kept us from baking.
