## PRESIDENT'S LETTER

WE ARE BACK WITH OUR FIRST SHOW OF THE SEASON!!!

We finally got out to a show this month at the Orange Empire Railway Museum, a very good turnout of WAPA guys just aching to get out and do something. All the precautions were taken, social distance, wear a mask! We didn't take anyone's temperature but everyone seemed to be healthy. The swap meet that we set up next to was about 1/2 of what it was normally and spectators seemed to be a little light. They had the big train running along with the trolley. There were no food vendors so if you didn't bring something to eat then you had to beg for something. I sold a half of a sandwich for \$20. Just kidding!! I would have gladly give it to someone hungry. I saw a few projects members were working on during the shutdown. Bill Karp had his Henry Ford first engine on a beautifully finished wood base. Carey Stockton displayed his completed Farmall H. Lance Wilson brought out his 15hp Reid engine with the newly fabricated muffler. Merle Morse showed two newly restored engines, a Hercules and a vertical Fairbanks. And lastly I brought out my Farmall F-20. Thank you to the Antique Truck people for inviting us. We all had a great time.

At the last board meeting I brought up the proposal to eliminate the Librarian board position and merge its functions under the Museum Directors umbrella.
