SEPTEMBER 2021

PRESIDENT'S LETTER

PRESIDENT BOB SMITH

I am going to devote this month's report on one topic which I feel to be very important. That topic is the nomination of WAPA board positions for 2022. Every year at the September meeting you nominate members to serve on the board of directors for the following year. This is your opportunity to step forward and support the organization by nominating yourself for a board position. This year Roger Hahn has volunteered to be the nominating committee chair so if you cannot make the September 4 annual meeting then call Roger to have your name placed in nomination. The annual meeting is the only time members can be nominated for board positions for 2022. Keep in mind that our Bylaws state that the President may not succeed himself after serving two successive one year terms, unless there are no other nominees for the position and he is drafted at the annual membership meeting. This is the time for some new blood to take the reins. Call Roger and throw your hat in the ring. 47 people stepped forward and placed their name on the ballot for Governor of the State of California. WAPA should be able to get 1 or 2. In closing I would like you to read the poem to the right submitted by Tom Millett for print in the January, 2013 Hit N Miss.

Are you an active member
the kind that would be missed?
Or are you just content
that your name is on the list?
Do you attend the meetings
and mingle with the crowd?
Or would you rather stay at home
and complain both long and loud?
Do you give a little time
and help to make things tick?
Or leave the work to just a few
and talk about the "clique?"
There's quite a program scheduled,
that means success if done.
And it can be accomplished
with the help of everyone.
So come to all the meetings
and help with hand and heart.
Don't be just another member
but take an active part.
Think it over member
are you right or wrong?
Are you an active member
or do you just belong?

MINUTES SUBMITTED BY : LANCE WILSON

SAFETY NOTE
FROM TIMOTHY NEELY

§ 393.110 What else do I have to do to determine the minimum number of tiedowns?

(a) When tiedowns are used as part of a cargo securement system, the minimum number of tiedowns required to secure an article or group of articles against movement depends on the length of the article(s) being secured, and the requirements of paragraphs (b) and (c) of this section. These requirements are in addition to the rules under § 393.106.

(b) When an article is not blocked or positioned to prevent movement in the forward direction by a headerboard, bulkhead, other cargo that is positioned to prevent movement, or other appropriate blocking devices, it must be secured by at least:

(1) One tiedown for articles 5 feet (1.52 meters) or less in length, and 1,100 pounds (500 kg) or less in weight;

(2) Two tiedowns if the article is:

(i) 5 feet (1.52 meters) or less in length and more than 1,100 pounds (500 kg) in weight; or

(ii) Longer than 5 feet (1.52 meters) but less than or equal to 10 feet (3.04 meters) in length, irrespective of the weight.

(3) Two tiedowns if the article is longer than 10 feet (3.04 meters), and one additional tiedown for every 10 feet (3.04 meters) of article length, or fraction thereof, beyond the first 10 feet (3.04 meters) of length.

(c) If an individual article is blocked, braced, or immobilized to prevent movement in the forward direction by a header board, bulkhead, other articles which are adequately secured or by an appropriate blocking or immobilization method, it must be secured by at least one tiedown for every 3.04 meters (10 feet) of article length, or fraction thereof.

CHINO HILLS CA. 91709

Hello WAPA members,

We finally made it back to historic Fort MacArthur for our annual fun day by the ocean. It was a cool overcast day and everyone got a needed break from the local high temperatures. A good selection of engines were on display and Bob brought some donations for our mini swap meet. We also had a good turnout of tractors with plenty of room to drive them around. The Fort MacArthur crew had some military vehicles on display and were doing tours of the underground bunkers. Thanks to everyone who turned out and to the the Fort MacArthur volunteers for hosting our fun day. Cheers, Paulo

Happy Birthday!
